

ANNUAL REPORT

2024-25

Background

Developmental growth has in the past brought in its trail urbanization, distortions in resource utilization and distribution aggravating income and wealth disparities, besides ecological consequences. Experiences of development process as hitherto evidence has revealed in sharp focus the need for corrective steps to retard social distress and social injustice. Any development program which does not implicitly reorganized the above limitations would only further aggravate the situation that is already causing concern in the most developing societies.

Mission

“To work towards sustainable development of the poor and disadvantaged section of the society”

Vision

“Equitable and sustainable development of population through innovative approach, participatory action”

1. Introduction

The year **2024-25** was marked by significant progress in our initiatives focusing on **HIV/TB awareness, health and hygiene, substance abuse prevention, STI/RTI issues, and skill development** across Haryana, Bihar, Delhi, U.P and Uttarakhand. Our programs aimed to **educate, empower, and provide healthcare services** to vulnerable populations, ensuring improved health outcomes and socio-economic upliftment while also launched a Targeted Intervention Project for FSW and IDU supported by HSACS to provide structured services to HRGs.

2. Program Highlights

A. Targeted Intervention Project (HSACS Funded – Gurugram, Haryana)

- Started in **June 2024 for FSW (Night Intervention) and IDU communities** in key hotspots of Gurugram.
- Provided regular medical check-ups, syphilis/HIV testing, counselling, condom promotion, and linkage to ART.
- Covered over **800 HRGs** with monthly outreach.
- Distributed **80,000+ condoms, 12,000+ clean needles/syringes, and referred 800+** individuals for testing and treatment.
- Trained peer educators and implemented night outreach programs to improve service accessibility.

B. HIV/TB Awareness and linkage services

- Conducted **70 awareness camps** reaching 9,500+ people.
- Distributed **1,500+ hygiene kits** containing soaps, sanitary pads, and disinfectants.
- Screened **1,600 individuals** for HIV and TB; ensured ART/ DOTS linkage for positive cases.
- Ran school and college-level awareness campaigns in rural areas.

C. Health & Hygiene Initiatives

- Conducted **slum sanitation campaigns**, benefitting 3,800+ individuals.
- Distributed hygiene kits in 20 urban clusters.
- Delivered personal hygiene workshops in 22 schools.

D. Substance Abuse Prevention & Early Intervention

- Identified and counseled **5,200 youth** at risk of drug/alcohol abuse.
- Formed **12 support groups** in affected communities and collaborated with district health departments for referrals.
- Promoted **injecting safety practices** in IDU populations.

E. STI/RTI & Reproductive Health

- Reached over **5,000 women and adolescent girls** with awareness and screening services.
- Provided treatment to 2,100 individuals through mobile camps and clinics.
- Promoted menstrual hygiene through workshops and free sanitary napkin distribution.

F. Skill Development & Livelihood Promotion

- Enrolled **620 youth and women** in short-term vocational courses.
 - Linked 220+ trained individuals with jobs, self-help groups, and micro-financing support.
 - Focused on tailoring, computer education, beauty culture, and handicrafts.
-

3. Key Achievements

- Successfully launched and scaled TI Project in coordination with HSACS.
 - Enhanced health-seeking behavior and referral uptake among HRGs.
 - Strengthened partnerships with local government bodies and CSOs for service delivery.
 - Empowered hundreds of families with **livelihood options** and **drug de-addiction awareness**.
-

4. Challenges

- Continued social stigma around HIV, STI, and substance use.
 - Difficulty reaching migrant and hidden populations.
 - Accessibility issues in remote areas due to poor infrastructure.
-

5. Way Forward (FY 2025-26)

- Expand TI projects to other high-burden districts of different States.
 - Introduce tele-counseling and mobile app-based follow-up for HRGs.
 - Establish community-run drop-in centers for counseling, health education, and rehabilitation.
 - Introduce new skill-building modules aligned with market demand.
 - Build stronger **monitoring and evaluation** systems.
-

6. Acknowledgments

We express heartfelt thanks to **HSACS, NACO, district health officials**, our **partner NGOs**, and dedicated **peer educators, volunteers, and field staff**. Their collective effort has helped transform lives and create healthier, empowered communities.
